Issue 45

A letter from the Team:

Welcome! We hope that you enjoy our newsletter. Every issue is full of amazing facts, incredible artwork and useful information.

Our newsletter is a fantastic way for all students to show off their writing and artistic skills. If you would like to appear in the newsletter, please collect a form and put it into the red letterbox. The letterbox can be found in the hall, outside of 3M.

Meet the Team:

Miss Poole (staff): Editor
Richmond (Y5): Assistant Editor
Mariyah (Y6): Journalist
Beaux (Y6): Fact File Journalist
Reuben (Y6): Science Journalist
Imogen (Y5): Word Aware
Noel (Y5): Word Aware
Mason (Y6): Quiz Master
Dominika (Y5): Assistant
Nicola (Y5): Assistant

HELLO SUMMER!

By Mariyah (Y6)

We have just entered the summer months, and it is a time when flowers start to bloom and more insects appear.

I want to encourage people to plant more flowers, as it can help the environment. These flowers can be useful to bees, butterflies and other kinds of insects. They provide food and shelter to them.

My favourite things to plant are lavender and dahlias.

MPJ NEWS PODCAST

We now have a podcast! To listen to our latest episode, visit our YouTube page: @moorparkjuniorschool8467

FACT FILE ARTICLE

By Beaux (Y6)

Here are some facts about birthdays:

- Even though we celebrate birthdays for a whole day, you aren't technically another year older until it's the time that you were born.
- The Ancient Greeks invented birthday cakes.
- August is the month where most birthdays are celebrated.

ECO CLUB'S TOP TIP

One bath can use over 80 litres of water, while a short shower can save 40 litres of water.

SCIENCE ARTICLE

By Reuben (Y6)

Black holes are massive black spheres that are located in space. The special thing about black holes is, due to the gravitational pull, they will naturally pull objects towards them. This includes debris and bits of rock that float around in space. Black holes come in all shapes and sizes, and their diameter can be about 10 miles. The hottest black hole is over 10 trillion degrees and there are estimated to be 40 quintillion black holes in space!

WORD AWARE

By Imogen (Y5) & Noel (Y5)

Chaperone: a person who looks after a person or a group of people.

"I was a chaperone on one of my son's school trips."

A MESSAGE FROM SEVERN TRENT

By using water wisely you can help make a real difference to the environment and even your water bill (if you're on a meter).

Top tip: swap your hose pipe for a watering can

Hose pipes can use up to a whopping 1,000 litres of water in just one hour.

That's more water than a family of four uses in two whole days!
